Deposits have been paid. 3 days at the Park and 1 day at Universal. Registration is 6th, park in front. Students are painting on parking lot. Need help adding the decking and building the frame between 9-12 volunteers can help. Check online communications band itinerary. All 5 shows are required to attend. SAT to be taken here or in Midlothian. Thankful to the church for feeding us after the parade. Asking for parent involvement and have a social component built. Attempting to create connections with our parents. Any ideas for this to be submitted to Mr. Armstrong, let's

brainstorm! Kids did phenomenal. Looking to change our approach, building our success. Found our kids to be profound in getting them to do what they want to do to succeed.
