MORE INFO:

Groups will have dedicated overnight ski or snowboard storage at their fulfillment location. Lockers will be available for rental at all locations for storage of personal belongings.

Groups arriving later than their scheduled fit time may be subject to rescheduling based on availability.

A group is only scheduled 1 fitting, so everyone in the party needs to arrive at their fitting together.

HELPFUL TIPS:

- Complimentary storage does not include ski or snowboard boots. Keep your boots warm and dry overnight so they're easy to put on in the morning.
- No need to keep up with your poles, just put them back on the rack and get a new pair every day.
